Allowable Subject Matter

Claims 1-12 are allowed.

Regarding claim 1, the following is an examiner's statement of reasons for allowance: The prior art of record neither shows nor suggests a color cathode ray tube including the combination of all the limitations as set forth in claim 1, and specifically a skirt portion extending from the peripheral edge of the mask effective portion substantially at right angles thereto, the skirt portion having a plurality of skirt portion apertures arranged to be spaced from one another in a direction parallel to the peripheral edge of the mask portion, and belt portions formed between the skirt portion apertures and an extending end edge of the skirt portion and extending along the extending end edge, the belt portions have wrinkles formed along the extending edge edge by press molding could not be found elsewhere in prior art.

Regarding claims 2-7, claims 2-7 are allowed for the reasons given in claim 1, because of their dependency status on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
